DETAILED ACTION

Allowable Subject Matter

Claims 7-18 are allowed.

Claims 7-18 are allowable over the prior art of record, none of the prior art whether together singularly or in combination to teach the claimed combination as recited. The closest reference 5,594,706 does not disclose or suggest the improvement of the instant application comprises the steps of processing acoustic signals without stacking said signals to determine a coherence measure and averaging the determined coherence measure in order to determine a property of formation in sonic logging.

Reference '706 teaches either stacking the acoustic signals to obtain a coherence stack (figure 1) or beamforming the signals to obtain a coherence measure in order to determine a property of formation, like slowness in sonic logging.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
